

Kateřina Hrubá

■ DESIGNER

ABOUT

I am a graphic and media design student. I consider myself to be open-minded, creative, and with a sense of punctuality. I am passionate about all forms of art but mostly about design and photography. I think of myself as a positive and communicative person with a sense of empathy. I have no problem working in a team and I am always excited to learn new things. I'm a hard worker and I don't like to do things at the last minute.

I enjoy traveling and getting to know other cultures and people. During my high school studies, I traveled abroad twice for half a year. First I spent 6 months in the US where I attended high school in Colorado. Two years later I visited Australia. Both of these experiences taught me independence, problem-solving ability, and the ability to work in a multicultural setting.

One of my other passions in life is swimming so don't be surprised when you run into me with wet hair.

SKILLS

I can work with most of the programs in Adobe creative suite (Photoshop, Illustrator, Indesign, Xd, Lightroom, Premier).

I try to look outside the box with every one of my projects and I think the key to a success in the field of graphic design is communication between the designer and the client.

Also, I am capable of producing product pictures or lifestyle pictures for professional or personal use.

LANGUAGES

Czech - native

English - proficient, C1
